## BROWNELL URGES PHOTOGRAPHERS "DAY IN COURT"

COLORADO SPRINGS, Colo. (UPI) — U. S. Atty. Gen. Brownell has urged that press photographers be given "their day in court" to demonstrate the ease and discretion with which courtroom pictures can be taken.

"I know you can do it," he told the annual convention of the National Press Photographers Assn. here last night.

"In fact, I am recommending to the chairman of the American Bar Assn. committee that a model courtroom be set up at its forthcoming meeting in Philadelphia so that press photographers can show their stuff; to show that this kind of press photography can be done and protect the interests of justice for all concerned."

### Cites Canon 35

Brownell frequently referred to a rule of the ABA, Canon 35, which forbids the taking of photographs in the courtroom during proceedings. Fourteen states have adopted the rule.

The attorney general said courts are "constantly faced with the perplexing problem of how to reconcile freedom of the press with the need for maintaining the impartial administration of justice. Neither is more important than the other."

"Freedom of the press," he said, "depends on free and constitutional institutions such as an uncoerced court and judicial integrity."

### Need Free Press

"One of the means of assuring independence to judges is a free press. Both are indispensable for a free society and for its government."

Turning again to the bar association rule, Brownell said it is intended to prevent cameras from diverting the attention of judge and jury to the case, to permit lawyers to carry out faithfully their obligation to the accused, and to enable witnesses to discharge their obligations as citizens."

"These," he said, "are ingredients of a fair public trial—to dilute them would render trial and justice a mockery and delusion."

Even as Brownell spoke, photographers worked silently and unknown to him, taking pictures with small cameras and without flash bulbs.

## \$600 Damage When Car, Bus SideSwipe

(Continued From Page 1)

A Utah car and a Florida bus carrying 30 migrant laborers enroute to New York sideswiped this morning at 1:15 o'clock 4½ miles north of here on the Harrisburg Rd.

State police said no one was injured but damage totalled about \$600.

David Eugene Hoopes, 27, Salt Lake City, Utah, was driving south when his car and the bus, driven north by Frank Merchant Jr., 22 W. Palm Beach, Fla., sideswiped, police said. Damage to Hoopes' car was estimated at \$600. The entire side was smashed in. Damage to the bus, owned by Frank Merchant Sr., and normally used as a school bus, was estimated at \$100.

### Arrange For Music

Last year a number of guests spent the money they thus received in purchasing gifts at Christmas time for relatives—something that had been unable to do for many years.

Mrs. Orville Faust, Biglerville, will visit the rooms of the "shut-in" guests during the Visiting Day afternoon. She will entertain those unable to attend the full program with a puppet show.

A musical group led by Clair Ford, Hunterstown, will present a program at 2:30 p.m. The Blue and Gray band of Gettysburg will present a concert from 6 to 7 p.m. During the remainder of the time recorded music will be presented through a public address system provided by William Larue, Biglerville.

The auxiliary expressed the hope that several hundred persons will again attend. Money raised from sales made at the booths goes to the auxiliary to be used during the year for the guests of the county home.

### Candidates Attend

Three of the four candidates for county commissioner were present at Thursday's meeting. A letter expressing his regret at inability to be present was read from Edward Snreiner. The three present were J. Blaine Bushey, George Kane and E. Donald Scott. Scott served as spokesman for the four and told the auxiliary, "The work of the county home auxiliary is well known and appreciated by the residents of the county."

Mrs. Mervin Murray was authorized to purchase plastic mattress covers as needed at the home.

Because of vacations, there will be no August meeting of the Auxiliary, with monthly sessions resuming in September, when announcements will be sent to all members.

A number of new projects for the home were discussed.

The president, Dr. Howard S. Fox, presided.

Rider, 124 Steinwehr Ave., and Charles V. Abell, son of Mr. and Mrs. William F. Abell, 42 W. High St., were united in marriage.

The Rev. Fr. Mark E. Stock, rector of the church, officiated before a gathering of more than 100 friends and relatives. The bride was dressed in white brocaded satin with a long veil and train.

The bride is a graduate of the Gettysburg parochial school from which Mr. Abell also was graduated. He later attended Gettysburg high school and attended Mt. St. Mary's college. He formerly was employed as a stenographer in the Gettysburg National park office but for the last two years has held a position in the division of safety of the Department of Revenue.

Riley—McDermitt: Miss Mary Loraine McDermitt, daughter of Mr. and Mrs. Francis F. McDermitt, New Cumberland, became the bride of Joseph H. Riley, son of the late Mr. and Mrs. David Riley, at a nuptial mass in St. Francis Xavier Catholic church here this morning, the thirtieth wedding anniversary of the bride's parents.

The Rev. Fr. Raphael Gross, assistant rector of the church, performed the ceremony at 8 o'clock in the presence of a large number of friends and relatives.

The bride wore a gown of white net over satin, made with a sweetheart neckline, tight fitting bodice and a full bouffant skirt with a short train.

Mrs. Riley attended St. Joseph's college high school at Emmitsburg and was graduated from Gettysburg high school and the Thompson Business college in York. For the last three years she has been employed in the credit offices of Sears Roebuck and company, Harrisburg.

Mr. Riley attended the former Gettysburg academy and was graduated from Gettysburg college in 1936. While in Gettysburg, Mr. Riley was active in Boy Scout work and was scoutmaster of Troop 78 of St. Francis Xavier church for five years. He is a member of Kappa Delta Rho and Scabbard and Blade fraternities and holds a first lieutenant's commission in the Reserve Officers' Corps. In the near future the couple will leave for Fort Meade, Maryland, where Mr. Riley will assume duties as an officer during the summer training period.

He has completed his junior year at Temple university school of dentistry in Philadelphia. He is an active member of the Ryan Chemical society, Anatomical League, Newman club, Dean Broome and Bucca operative dentistry societies.

The couple will return to Philadelphia in the fall and Mr. Riley will resume his studies there.

**Today's Talk****RESOLUTIONS**

I am not much for making idle resolutions, like so many do at the beginning of the New Year. Every day should be considered a new year, and one well in order for any good resolution. In fact a resolution a day would be a wonderful thing!

I came across this line from the writings of John Burroughs, the noted naturalist. He said: "Nothing relieves and ventilates the mind like a resolution." I experienced this when I gave up all smoking over a year ago. People have asked me if it was difficult to do and my reply has been — not! Getting down to the resolution itself is sometimes confused with foot abscess, which seldom spreads to other animals.

So many people find it difficult to do things they know they should do. Over and over again I have heard a person say: "I try so hard but it just does not work." I always say to such a one: Don't try — just do it! If it's a habit, then an unharful replacement for the harmful one would soon bring about a happier state of mind.

I dare say that nearly every day most of us are faced with decisions — and a resolute mind is the best friend to have. That mind is aired out and never ventilated, as Burroughs has so well stated it can be, by firm resolutions.

We would gain much — and lose nothing — by exercising our convictions from day to day, so when quick and important resolutions arise we may be ready to respond without doubt and confusion. How much happier we all would be, and how much better prepared to take hold, resolutely, of every human demand.

Success and happiness are both matters largely of our own choice. Ed Howe, the noted Kansas philosopher, once wrote a little book which he called "Success Is Easier Than Failure." It is! You have more on your side!

Tomorrow Mr. Adams will talk on the subject: "Live Longer — And Happier". Protected, 1955. George Matthew Adams Service

**Franklin County Girl Dies In Headon Crash**

LEWISTOWN, Pa. (P) — A truck and a car collided head-on on Rt. 75 in nearby East Waterford yesterday killing a 13-year-old Franklin County girl and critically injuring her father.

Police said Janet R. Henry, Doylestown, died of a fractured skull. Her father, Bruce Henry, 52, was admitted to Lewistown Hospital with a fractured skull and nose cuts.

The Henry girl was a passenger in a car driven by her father, police said, which collided with a truck driven by Dale Houtz, 42, Millifontain. Houtz was not injured.

Sistant but will succumb to a second strain of the disease. Stele master, a new variety, is reported to be resistant to two strains of the disease.

Where red stele is present, growers should get new certified disease-free plants next year and plant where soil from old planting will not wash into, or otherwise contaminate, the new area.

**Metal Roofing Lasts Longer**

Metal roofs on many farm buildings are proving how durable this type of roof can be. The lifetime of these roofs can be greatly increased by knowing how to select the roofing, how to put it on, and ways to preserve the metal.

The first step in the control of this disease is a thorough examination of the whole flock. Trim back the feet of all sheep showing signs of infection to expose affected tissues for treatment. Use copper sulfate (bluestone) solution as a disinfectant, 2 to 3 pounds per gallon of water, apply as a foot bath for only 10 seconds. Treat at intervals of 2 to 3 days until complete recovery. Complete recovery can be assumed when the sheep have passed two examinations at monthly intervals.

**Report Red Stele Very Destructive**

Red stele, said to be one of the most destructive diseases of strawberries in Pennsylvania is spreading to all sections where strawberries are being grown. Several diseased fields were found this spring. The disease causes stunted plants, with dead or dying leaves. During the blossom and early fruiting period the plants may suddenly and die.

Galvanized roofing should be painted as soon as the galvanizing or zinc coating begins to break down. Painting at this stage takes less labor and much less paint than after the roof begins to rust.

For the paint to stick on well and for maximum coverage, it must be put on it warm weather. Sheets must be dry and free from dust and dirt. If rusted, the sheets can be cleaned with a wire brush to remove loose particles and scale. First, paint all rusted spots and allow to dry before applying a coat over the entire roof. Wire brushing is not necessary if the paint is applied with a spray gun, but the roof should be swept with a broom just before painting. Metallic zinc paint has given excellent service.

Red stele lives in the soil for five to six years and attacks almost any variety of strawberry planted in it. Sparkle, Temple, Pathfinder, Fairland, Red Crop, and Vermillion are reported re-

## Yanks Go To Cleveland For 4-Game Series With 5-Game Lead, Their Best Of Season

By ED WILKS

The Associated Press

Are the New York Yankees being conned into a false sense of security, or is that really a bunch of dead injus back there in third place in the American League?

The next three days may tell. The Yanks move into Cleveland tonight for a four-game series.

Having disposed of a two-game losing string and Detroit 7-3 yesterday, the Bombers barge into Municipal Stadium with a fat 5-game lead over the second place Chicago White Sox and a ½-game spread over the Clevelanders, who lost their third straight to Boston 4-2.

## Best Yank Margin

That's the best Yank margin yet. A week ago, when they were three games up, it looked like New York would be lucky to reach Cleveland still in the lead. The Yankees had eight games to play against Chicago and Detroit, both first division clubs, while the Indians were entertaining Washington and Boston for seven games.

But the Yanks split the two series, playing 500 ball, while the Indians won just once, Washington's last win in Cleveland since Aug. 25, 1953, losing 14 straight. And the Red Sox had beaten the pennant-winning Indians only twice all season.

Manager Casey Stengel goes into Cleveland playing the percentages. He needed a victory yesterday, so he called on Whitey Ford (7-1), presumably passing him over for the Indians' series, while naming Ed Lopat (3-4) to face the Tribe tonight. Lopat, only 14-20 lifetime vs. Detroit, is 40-13 against Cleveland.

## Win For Konstanty

Ford didn't go all the way, Jim Konstanty won it in relief, but Stengel got the victory he wanted, gaining a half game on the White Sox who were rained out of a doubleheader with Baltimore.

The other AL game was won by Kansas City, 4-2, over Washington.

In the National Chicago's Cubs beat Pittsburgh 6-2 and Robin Roberts beat St. Louis with a three-hitter 2-0 for Philadelphia.

Rain and cold postponed Cincinnati at Brooklyn and Milwaukee at New York.

## 10th Homer For Eddie

Eddie Robinson hit his 10th home run (the Yankees' 1st) with two on in a four-run first inning that beat the Tigers. Konstanty, making his 10th appearance in seven days, replaced a shaky Ford in the fifth and blanked the Tigers on one hit the rest of the way for his third decision.

Three errors beat Cleveland and Herb Score, who was knocked out in the first inning by Boston Tuesday night. Only one of the Red Sox runs was earned, driven home in the fourth on a double by Frank Sullivan—who shut out the Tribe on four hits until the ninth when he needed help from Ellis Kinder to win his 10th.

Score listed for a pinch-batter in the fifth, fanned nine to boost his league-leading strike out total to 101.

## Senators Lose To A's

Washington's second straight defeat at Kansas City pulled the Senators into sixth behind the Red Sox. Four runs in the fourth on just two hits did it for the A's. Art Ditmar singled home the final two runs to win his third.

At Philadelphia, Roberts won his ninth, walking none and retiring the first 12 men he faced before giving up the first of the Cards' three singles.

Paul Minner tossed a six-hitter for the Cubs. Walker Cooper's home run broke up a 2-2 tie in the seventh as Chicago tagged Bob Purkey for 13 hits and his seventh defeat.

Brooklyn, losing a half game for a 7½-game lead over the Cubs, old right-hander Joe Black to Cincinnati for an estimated \$25,000 and a minor league player to be named later.

## FAVOR NASHUA FOR BELMONT

NEW YORK (P)—Names will be entered and post positions drawn today for the 37th running of the Belmont stakes, and Nashua is going to be an odds-on favorite to bring Sunny Jim Fitzsimmons his sixth victory in the \$10,000 classic.

The mile and one half "test of the champion" will be raced at Belmont Park tomorrow afternoon, and a field of seven and possibly eight 3-year-olds is expected.

A late checkup on trainers showed the following willing, if not able, to meet Nashua, the beaten Kentucky Derby favorite who regained a lot of stature two weeks ago by coping the Preakness:

## Belmont Is Longer

C. V. Whitney's Little Dell, the Barclay Stable's Blazing Count, Laudy Lawrence's Jabneb, the Cain Hoy Stable's Flying Fury, the Clearwater Stable's Portersville, and the King Ranch's Retamero. Another horse who may be entered, but scratched later, is J. M. Seider's Uncle Dan, a fugitive from the claiming races.

The Belmont is a quarter of a mile longer than the Kentucky Derby.

Only Nashua and Flying Fury raced in the Derby, won by Swaps who returned to California. Nashua is the only one of the Belmont field to have started in the Preakness.

## Lions Tie Score

The Lions knotted the count in the bottom of the second. Bob Bigham and Randy Eyler walked and Kuykendall was hit by a pitched ball to load the bases. An infield error put Miller on second as Bigham and Kuykendall raced home. Kenny Hull then clouted his second hit of the game, a double, to drive in the remaining two runs.

After the Yanks staged their big sixth inning to pull in front 11-5, the Lions added one more run in the top of the fifth. An infield miscue that put Weikert on first, a passed ball which moved him to second, and a single by Eyler produced the run.

Little Marty Olson, the Yankees' outstanding catcher, was the big man of the evening. Marty collected four hits in four trips to the plate making it a perfect day. Besides pounding out four safeties, he tallied once himself and drove in two of the 11 runs. Again Ken Hull led the Lions as he came up with 2 for 4, including a double and three runs.

Both teams had to use extra pitchers when the going became rough, but the starters received the decisions. Jim McClellan, who started for the Yanks, pitched one inning before being relieved by Hardy Nichols. The combination of pitchers allowed four hits, struck out seven and walked six. McClellan being the winner. John Ahrens started for the Lions, but was relieved in the third after allowing 11 runs to score on eight hits. Howie Weikert came on to hurl another two and two-thirds innings before Randy Eyler arrived in the sixth to retire the side in the top of the sixth. With the bases loaded he fanned the next two batters. Ahrens is charged with the loss.

Tonight's Game

Moose vs. Rotary, 6:15.

The league-leading G. L. Bream Yankees jumped to a full game lead over the Rotary Tigers in the Little League race as they dumped the Lions 11-6 Thursday evening.

The Garagemen sewed up the game in the third inning by tallying six runs after they had already scored five in the initial frame. Lead off singles by Nichols, Swope and Marty Olson and free passes to Ecker, Claybaugh and Eckert all figured in the scoring. There was only one Lion miscue and not one passed ball and five of the six runs were earned.

**Permanent Rosters Tonight**

At tonight's practice session Little League managers will meet with League officers to order uniforms for the four teams. Paul Claypool and Jim McKeon were named to solicit local business firms as sponsors for this year's clubs so that sufficient capital can be raised to make the project financially successful. Solicitation of Emmitsburg organizations will also begin immediately. Thus far donated funds have been sufficient to pay for initial equipment. Insurance will also be taken on the Little Leaguers to cover accidents.

## Meet Next Thursday

Another meeting of the Little League group will be held next Thursday at 8:30 p.m. in the fire hall. Interested individuals not present at the last meeting are asked to attend.

According to present plans the June 21 opening will be a "full dress" affair with Burgess Thornton Rodgers throwing out the first ball.

Preliminary actions to secure a franchise with the national Little League group are now under way.

# High time you discovered the difference in Dodge!

New Dodge Custom Royal Lancer 4-Door Sedan—most beautiful car on the road today.

Next time you're driving around town, just notice the number of gleaming new Dodge cars you see on the street!

Then ask yourself: "What is it these people have found out about the new Dodge that's causing this landslide of popular favor?"

Part of it, of course, is the new Dodge styling. You can see at a glance how much bigger and more luxurious this car is—up to 9 inches longer than its competitors.

But the real story behind the rush to Dodge is

this: People are discovering the difference in the way Dodge cars are engineered and built!

They discover it in the solid, substantial feel of the car—the way it handles and rides. They learn to appreciate it in the deep-down goodness of every part and feature: Doors that don't rattle. Body joints that don't squeak. Windows that work smoothly.

There is really no substitute for the dependability that is built into Dodge. Isn't it time you discovered this difference for yourself?

are your key to the pig profits treasure chest.

Rapid growth of pigs depends on the feed they eat. Corn is good feed for hogs, but when used with RED ROSE 40% HOG SUPPLEMENT is a better feed. Together they provide hogs with the necessary proteins and vitamins that "make little pigs grow big".

RED ROSE 40% HOG SUPPLEMENT can be blended with your grains . . . or can be fed free-choice. Whichever way it is used it furnishes those weight producing ingredients lacking in grains alone. It's a sure way to get more money for your grains, too. That's what we mean when we say that your grains and RED ROSE 40% HOG SUPPLEMENT are your key to greater pig profits!

TRY IT—see how quickly it fattens your hogs.

## U.S. STEEL ASKS ODM APPROVAL FOR EXPANSION

(Continued From Page 1)  
PITTSBURGH (UPI)—U.S. Steel Corp. has asked for government approval of a multimillion-dollar expansion program in its plants.

The company said yesterday it had filed applications with the Office of Defense Mobilization for certificates of necessity in order to write off a percentage of the cost, estimated at possibly 100 million dollars.

If the government decides steel-making capacity ought to be expanded, ODM will approve the certificates.

The company is not obligated to undertake the program if the government approves. But if approval is forthcoming, the expansion program is "probable," a spokesman said.

The corporation said it has made "rough" plans for a 75-million-dollar expansion program at the near-by Duquesne works. Another possible project involves about 25 million dollars at Houseville in Butler County, north of Pittsburgh.

U.S. Steel said the filing of the applications is "in line with studies currently under way of the possibility of providing certain new facilities."

The corporation said it had applied for certificates covering improvement to blast furnaces, electric furnaces and rolling mills at the Duquesne works, to rolling mills at the South Chicago works, and to flat-rolled facilities at Fairless Morrisville, Pa. works.

It would not reveal any details of the Butler County project at this time.

## Superintendent Of Schools Expires

Ms. Snyder Virginia Spence, Elizabeth Davis, Linda Swisher and Loraine Kane.

Mrs. M. H. Nichols, executive secretary, spoke on "Camping." She told of the increase in the number of girls enrolled for the Day Camp which will be held next week at the Arentsville Park and gave information on Camp Conewago.

He taught in the public schools of Berwick and Wilkes-Barre, at Springfield (Mass.) High School and Pennington (N.J.) School for Boys, and served as school superintendent for nearly 50 years.

Plans were made for the Fairfield Girl Scouts to hold a picnic and roller skating party at Cold Springs Park, Thursday, June 23. Transportation will be by buses and the girls will be accompanied by members of the Troop committee and the mothers who have volunteered. The buses will leave the fire hall at 4:30 o'clock.

At the close of the program, cookies and punch, in charge of the Troop committee, were served.

## REC FIELD WILL MILK DEALERS ARGUE PRICES IN LANCASTER

(Continued From Page 1)

PITTSBURGH (UPI)—The Milk Control Commission met here today in a continuation of state hearings on the price differential between store-purchased and home delivered milk.

The terms of the right-of-way provide that the association may use the surface of the land over the pipe, but may not plant any trees. Buildings may be constructed with the provision that the Municipal Authority will be reimbursed for any damage to the line.

A letter was read from Ray M. Hoffman, president of the Municipal Authority, in which he "promised to cooperate with any future building plans of your board. . . If moving the sewer line is indicated, I am sure that can be worked out to the satisfaction of all concerned." Some members of the board asked that this be included in the deed, but Leever said that he had consulted an attorney and architect, and that both had expressed the opinion that the association had sufficient leeway for any future building.

At a hearing in Lancaster yesterday, a group of Lancaster County milk dealers voiced satisfaction with a 1-cent a-quart differential in the Lancaster milk marketing area. They had originally rejected a recommendation of a 1 1/2 cent price difference, saying Lancaster is not a "primary market" like Philadelphia.

The commission is also gathering information on the advisability of whether there should be a price advantage for purchasers of containers holding more than one quart of milk.

## TWO TEEN-AGERS ARE ARRESTED FOR LARCENY

PHILADELPHIA (UPI)—Two teenagers were in custody here today charged with larceny after being captured in a gun-shot punctuated chase.

The chase started when police spotted the boys coming out of a mid-city drug store allegedly carrying merchandise under their coats. Police said four cartons of cigarettes were dropped during the chase.

One boy, John Johnson, 18, was captured in City Hall Plaza. The other, Irving Lowe, 16, was dropped by a flying tackle a few blocks away. Both were sent to the Youth Study Detention Home.

Commending the 1-cent lower-cost for store bought milk, suggested they bear a half-cent loss with stores taking up the other half-cent.

The 1 1/2 cent proposal was made by Bernard Frankel, counsel for several food chains.

## Says Reds Out To Discredit Musmanno

WASHINGTON (UPI)—A man who said he was a former undercover agent for the FBI within the Communist party today identified a former mayor of Clairton, Pa., as a Communist.

The witness, Joseph D. Mazzei of Pittsburgh, also told the Senate Internal Security Subcommittee that the Communists have put on a campaign to discredit, harass and frighten Pennsylvania Supreme Court Justice Michael A. Musmanno.

Mazzei swore, under close questioning, that he had known John J. Mulen, former mayor of Clairton and an official of the CIO Steelworkers Union, as a Communist.

## Brown Is New Darling Of Fashion Designers For Fall

By DOROTHY ROE  
Associated Press Women's Editor

The little black dress so dear to the hearts of American women is going to give way to the little brown dress this fall.

Brown is the new darling of the fashion designers, it appears from current previews of fall ready-to-wear. Every shade of brown, from blond to black coffee, is seen in major collections in New York's crowded garment center, now a milling mélée of buyers and fashion reporters.

Christian Dior likes brown. So do Adele Simpson, Ben Reig, Vera Maxwell, Claire McCordell, Oleg Cassini and other top designers who help decide months in advance what American women are going to wear next season.

To Please Wives And Husbands

The new clothes are going to make a lot of women happy, and even please many husbands, because they are flattering, functional, not drastically different from current styles—and they

# GOVERNOR IS READY TO STICK BY PROMISES IN 1954 CAMPAIGN

By LEONARD A. UNGER

HARRISBURG (P-Gov. Leader is ready to stand by all his campaign promises, including one that he would veto any plan to continue

the sales tax after it Aug. 31 expiration date.

That's the way he laid it on the line at his weekly news conference yesterday after making a new tax plan is the "fairest and best" of any revenue-raising measures.

"I think my pledges are binding and I propose to live by them," he told newsmen who pressed him repeatedly on the sales tax issue.

## Sales Tax 'Purely Academic'

At one point, he said he wouldn't be "enthusiastic" about making any new statements about vetoing the sales tax. Then after declaring he would stand by his campaign promises he described the

## Day Care Center Planned In Hanover

The institution as a part of the public school system of a day care training center for children who are trainable but not educable providing a sufficient number of children are applicants for enrollment was authorized by the board of education of the school district of Hanover Borough at its June meeting Wednesday evening.

Leader and sources close to him insist that it's either the income tax or nothing at all.

## Nothing Dishonorable

The governor, in answering the barrage of sales tax questions, underwent the most grueling news conference since he took office last January.

He took issue with the term "deal" when asked by a newsmen whether he pledged labor leaders to call a special session of the Legislature should the courts rule as unconstitutional the \$1,000 cost-of-earning deduction feature in his classified income tax.

"There was nothing dishonorable," he said. "There was nothing said (to the labor leaders) about you doing this and us doing that."

## Endorsed By Labor

Statewide leaders of the AFL-CIO, United Mine Workers and the Railroad Brotherhoods endorsed the income tax Wednesday.

The governor, maintaining an air of confidence, flatly predicted the income measure, designed to raise \$1 million dollars, would pass the House.

In that event, he said, it will be the responsibility of the Republican-controlled Senate to pass his program or come up with its own.

"When it gets to the Senate, where the Republican party is in the majority of membership, the responsibility is theirs," he added.

## York Plan Proposed

Meanwhile, the York Chamber of Commerce sent an alternative tax plan to Leader which would raise \$1 million dollars.

It calls for doubling the sales tax to two per cent and extending the 5 per cent corporate net income tax to cover unincorporated businesses.

F. J. Brueggemann, chamber secretary, wrote Leader that the program is "more equitable" than any previously submitted and would not "jeopardize the industrial and economic future of the commonwealth."

## Revisions Needed

The sales tax law, he said, should be revised to remove exemptions on clothing, cigarettes and food and liquor sold for consumption on the premises. Industrial and agricultural machinery should be exempted from the levy, the chamber said.

Henry B. Leader, the governor's legislative secretary, commented that it was "interesting to note" that the chamber's proposed tax on unincorporated business amounts to 5 per cent in contrast to 2 per cent proposed by the Lead-

er administration.

In reading last night, Leader reiterated his opposition to any compromise between his classified income tax and any form of sales tax.

## Keeps 'Open Mind'

In another series of televised addresses across the state to sell the income tax to the people, the governor said his "moral obligation" to solve the state's financial problems will end with his series of talks.

Asked what his position would be should the administration plan to balance the budget were rejected by the Legislature, Leader said he would approach new taxation suggestions with "an open mind—so long as they do not involve a sales tax."

The governor said no alternative to the administration's program has been suggested and "we'll stand on this program until someone comes up with a better one."
